Maintenance

About Kwila Timber & Maintenance
A certain level of maintenance is required if you want your furniture to continue looking as good as new. This level will depend upon the exposure to sunlight and the elements. We recommend that the furniture be given a light spray with a suitable Kwila oil approximately every 3 months, you can oil more often if extreme exposure to the sun and humidity causes dryness. Leaching - Like all hardwoods, Kwila will go through a weathering process during which time the timber may leach when wet. During this process, leaving the furniture on untreated concrete or tiles should be avoided. It is recommended to hose down the furniture (with a garden spray a few times) on a grassed area before placing furniture where stains may occur, however stains can be removed with warm soapy water.

Chair Range

Stools Moreton Bay Varsity Lakes Oyster Cove Stradbroke Chevron Lo-Carver Capri Hi-Carver

All chairs are very solid with generous dimensions, stainless steel fittings and built to last many years.

WHY KWILA TIMBER?

Very high hardness rating (independent testing)
Does not rot, warp, crack or peel
Not subject to insect infestation
High content of natural oils and colour tannins
Rich in texture and colour
Plentiful and renewable supply
Faster growing than many hardwoods

WHY BUY GOLD COAST KWILA TIMBER PRODUCTS?

We are a local company supporting the local community and its families
We employ local craftsmen to produce furniture
We do NOT import any finished product
We give a 5 year guarantee on all timber furniture
We have over 11 years experience in furniture manufacturing
We only use higher profile timbers - e.g. 40mm edging and 19/20mm slats
We have over 10,500 (and counting) very satisfied customers
We use high quality components - e.g. Marine grade SS fittings
We offer continuity of styles, processes and timber finishes
We are always bringing in NEW products and developing new ideas
We provide employment and work experience for people with 'special needs'
We offer a FULLY CUSTOMISED service for our existing range and exclusive pieces
We supply timber furniture to resorts, restaurants, hotels, clubs, motels and hotels
